Note: For comparison, 2016-2017, 2017-2018, 2018-2019, Fall 2019, 2020-2021, and Fall 2021 scores on last four pages. Column headers in peach indicate courses that continue to be assessed using the same LO and can be compared across the entire time span we have been assessing Gen Ed.

Analysis of LO1

Overall mean for the four assessed courses is 2.95. One course (PSYCH 1113) will be assessed in the spring. Standard of 3.0 was not met overall, but 2.95 overall is very close. Items of note:

- n=259
- The 2021 overall aggregate score of 2.95 is a significant increase over the previous two years (FA20: 2.81; FA19: 2.67)
 - For the first time, all assessed courses had overall scores of 2.92 or above.
- Met or exceeded overall standard score on Organization criterion for second year (3.05)
- Of the four assessed courses
 - ECON 2003 and KIN 2122 showed significant increases over last year
 - Increases in ECON and KIN likely due to increased instructor support
 - All sections of both courses assessed
 - MIS 1903 showed slight increase over last year
 - Section 03 not assessed – but was aligned
 - ENG 1113 showed a slight decrease (exact change uncertain since score reporting went from one decimal place (3.1) to two decimal places (2.96))
 - Decrease may be artifact of this year's incoming freshmen having "lost" a year of instruction in high school due to covid closures and quarantining
- MUS 2533 was not assessed; Bb Outcomes did not pull artifacts for assessment despite alignment being made – and assessment coordinator did not realize it in time to request artifacts from instructor (like with GEOG 2513 for LO4). Assessment Coordinator will follow up with Ruth Newberry at Bb to troubleshoot
- No plagiarism found

Analysis of LO2

Overall mean for the two courses assessed is 2.56. Seven courses will be assessed in the spring (BIOL 1114, ECON 2003, FIN 1113, HIST 2483, HIST 2493, HUM 2633, MATH 1513). Standard of 3.0 was not met overall. Items of note:

- n=137
- The 2021 overall aggregate score of 2.56 shows a minor increase over last year's 2.53
- GEOG 1214 used two different artifacts; section 01 is fully online and pulls artifacts from publisher content and data analysis questions embedded in online textbook platform, while section 02 is fully F2F and uses a research paper
 - Both sections assessed
- PS 1113 overall scores showed significant decreases over last year
 - Several different homework assignments are use as artifacts and some are more robust than others
 - Similar to ENG 1113, PS 1113 often has incoming freshmen, so decrease may be a covid artifact
 - All sections assessed
- No plagiarism found

Analysis of LO3

Overall mean for the four assessed courses is 2.57. One course (ENG 1213) will be assessed in the spring. Standard of 3.0 was not met overall. Items of note:

- n=305
- The 2021 overall aggregate score of 2.57 is a minor decrease from last year's 2.60, but this score is basically holding steady with overall scores in the last four years falling between 2.57 and 2.60
- COMM 1113 showed a significant increase over last year (Assessment Coordinator worked with instructors to align artifacts in Bb)
 - Sections 07 and 09 not assessed - but were aligned
- CMPSC 1513 and KIN 2122 showed minor decreases from last year
 - Appreciate improvement in instructions for CMPSC 1513 artifact assignment
 - All sections assessed for both courses
- PSYCH 1113 showed a significant decrease from last year 2.80 vs 3.04
 - Decrease is complex
 - Old assignment broken up and reworked since *almost half of students would not attempt the assignment* (previous 2 years' overall means are likely inflated since only students confident in their ability to complete the paper actually did so)
 - While score is lower, more students attempted the assignment
 - Sections 01, 02, 05, and 06 not assessed – but were aligned
- No plagiarism found

Analysis of LO4

Overall mean for the two assessed courses is 3.08. Standard of 3.0 was met overall. Three courses (ASLHR 2613, HIST 1113, SOC 1113) will be assessed in the spring. Items of note:

- n=45
- Standard of 3.0 was met overall for the first time on LO4 – this is the first time the 3.0 standard has been met for any of the outcomes. Hopefully this will hold through SP22.
- The 2021 overall aggregate score of 3.08 is a highly significant increase over last year's 2.69
- Significant increases in overall score for GEOG 2513 each year it has been assessed (FA 18: 2.25; FA19: 2.43; FA20: 2.81; FA21: 2.94)
 - Continued modifications of assignment instructions seems to be working
 - **Bb Outcomes did not pull artifacts for assessment despite alignment being made** – Assessment Coordinator caught it in time to request artifacts from instructor and hand assessed them
- Significant increase in overall score for HUM 2323 over last year – rebounded to near previous year's score (FA19: 3.25; FA20: 2.6; FA21: 3.22)
 - Last year's decrease likely a result of taking the course from fully face to face to fully online; rebound in scores agrees with this.
- No plagiarism found

Analysis of Assessment Process for Fall:

- Assessed 11 courses (should have been 12)
 - **Bb did not pull artifacts from 8 sections of 5 courses; alignments were made in each of these sections**, not sure why this happened - will contact Ruth Newberry at Bb to follow up
- Alignment of learning outcomes with artifact assignments in Bb took through late semester
 - Changes in course instructor assignments in first week of school made this more difficult
 - All courses/sections were eventually aligned
 - Assessment Coordinator will work to follow-up earlier with Chairs/Gen Ed Instructors - concerned that the late alignments predominate among the sections not pulled by Bb
- No plagiarism found this fall
- Parting words:
 - Section instructors are responsible for instructing students to turn in artifacts that are formatted and labeled correctly
 - only use student ID number for identifier within the assignment
 - Plagiarism
 - update assignment instructions with stated expectation **that student should use multiple sources but must paraphrase/quote with citations and reference sources at end**
 - strongly suggest giving students an example of these expectation
 - Set up assignment in Blackboard using SafeAssign and allow students to see their SafeAssign score
- **Gen Ed and Gen Ed Assessment will be different next Fall – so stay tuned**
