

General Education Committee minutes 9/10/2021

Discussion of the Flexible Curriculum model:

--computer literacy requirement—state accepts high school course for that requirement; digital learning can also be embedded throughout the curriculum in multiple classes

--it's important to remember that this is a process that we can revise as needs change — we are not trying to design a perfect program that will remain static for many years

Planning for campus conversations:

--hold listening sessions on the last week of September:

- Monday, September 27 in person at 3:30: Jennifer (tentative) and Kate
- Tuesday, September 28 in person at 2:30: Jennifer and Nancy
- Wednesday, September 29 on Zoom at 3:30: ??? and Robin
- Thursday, September 30 on Zoom at 2:30: LaDonna and Matt

Try to book Education 101—contact Josh Vaughn

--Robin will create a slide show

--Share flexible model, learning objectives, and notes and pose the questions:

- What do you like?
- What do you wonder?
- What do you wish?

--Request Academic Affairs send the announcement and meeting invitation

--Send information on Monday, September 20

--Next week we will discuss adding student listening sessions in October; going to the student groups was more successful than asking them to attend a session
